

TX-500

*the smarter
choice for
today's
retailers*

As a talented, high-speed stand-alone cash register or as part of an entry-level scanning system, the TX500 combines exceptional performance with advanced security features at a remarkably affordable price

- *Silent, ultra-fast operation*
- *16 digit alpha-numeric printing*
- *Essential retailing features*
- *Links to back office PC and stock control software if required*

**GELLER ELECTRONIC CASH REGISTER SYSTEMS
FOR THE BENEFIT OF BETTER BUSINESS CONTROL**

At the forefront of retail technology since 1957

Versatile and feature-rich, the TX500 can be customised to your business needs

The TX500 can operate

- Completely stand alone
- Stand-alone with Bar-code Scanner
- Linked to back office PC and Geller Software

User-friendly, Intelligent Keyboard

The keyboard is completely 'soft'. Each button can be programmed by you or your Dealer to perform any available function.

Silent Alpha-numeric Printing plus Graphic Logo

The noiseless 16 digit alpha-numeric printer operates at a speedy 13 lines per second. Your company logo or special design can be stored in the TX500's memory and printed on each receipt. There is no ribbon to replace or fade, so receipts of the same exceptional clarity are produced every time.

Electronic Journal

The TX500 records all transactions electronically in its memory. An audit roll can be printed when required. Alternatively, the electronic journal can be downloaded to your PC.

Powerful Management Reporting

Separate Secret Passwords for X Reports, Z Reports, Training Mode and Programming.

Department, PLU, Group, Hourly and Staff Reports available daily and weekly or monthly (X1, X2, Z1, Z2)

X3, Z3 Reports available by programmable option

Training Report

Display Only Reports (flash reporting)

Scanning

The TX500 can handle up to 3,000 product lines, operating stand-alone or as part of a system linked to PC.

A range of scanners, specially configured for the TX500, is available from your dealer.

BACK OFFICE PC AND GELLER SOFTWARE

A range of Geller Software Packages is available for use with the TX500 -

Geller Programming Utility simplifies setting up the TX500 and changing names and prices using a PC.

SAM for Windows is single/multi site sales and management software. **SAM for Windows** can also export data to other software packages, such as Excel, for instance, where users have specific information requirements.

SuperStock is a Windows-based stock control package for head office and remote sites.

Your Dealer can supply detailed information on Geller Software.

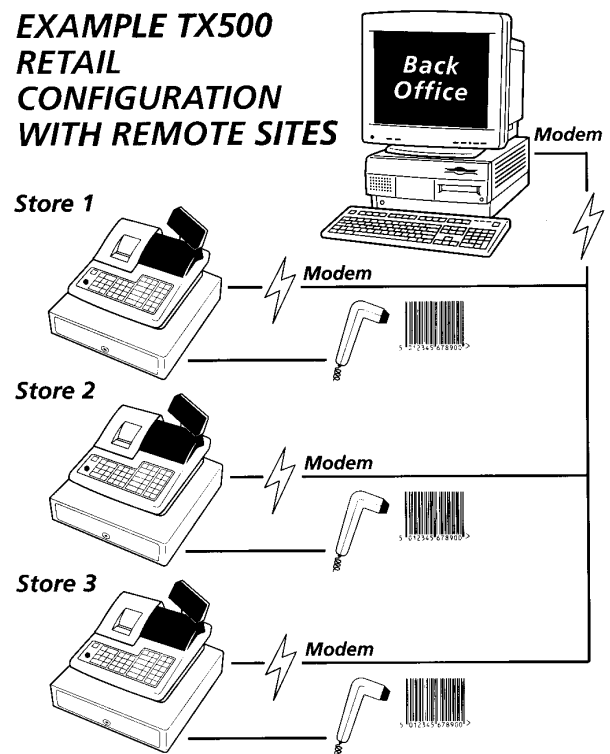

Many leading software houses also choose Geller ECRs as their preferred terminals.

Authorised Sales and Support Dealer
